**You may see Nature Spirits and Angels, and the Astral bodies of life on "the other-side", even our form in Heaven - in the demonstrations of Realms. This is THE trip of a Lifetime, because it stops everywhere.**

**Numinous | filled with or characterized by a sense of a supernatural presence**

**Dr. Christian Toren von Lähr** will explain AND DEMONSTRATE our existence to and through the present level of consciousness, AND BEYOND. Guides, Masters, Teachers and even Alien Guides may make themselves evident. **THIS IS REAL!**

What you will see and hear is astounding, AND YOU get to be an active part of the presentation. He goes beyond - explaining the very nature of existence, how it came about, where and why we exist ... you the audience will have an opportunity to actually see Life on the Other Side, Guides possibly Jesus and Ascended Masters, Angels and Nature Spirit (gnomes, elves, fairies and leprechauns), and proof of alien life (if we have Starseeds in the audience).

Dr. Christian Toren von Lähr is a reknown national touring Psychic and Clairvoyant. His Clairvoyant Medical Intuition is 2nd to none. You MAY be Read. You've heard him on Coast-to-Coast w/George Noory many times. Now you can experience "the Expert" for yourself, hear his words and ask questions. Life will never be the same after this event.
